ADDITIONAL INFORMATION GUIDE
20 FEBRUARY 2017

THE PURPOSE OF THIS INCORPORATED MATERIAL IS TO GIVE YOU MORE INFORMATION AND/OR SPECIFIC TERMS AND CONDITIONS REFERRED TO IN THE PRODUCT DISCLOSURE STATEMENTS (PDSs) DATED 2 MAY 2016 AS AMENDED BY THE SUPPLEMENTARY PRODUCT DISCLOSURE STATEMENT (SPDS) DATED 20 FEBRUARY 2017 FOR:

- OneAnswer Frontier Investment Portfolio
- OneAnswer Investment Portfolio (only applicable for OneAnswer Investment Portfolio investors who joined prior to 1 July 2013. No new investors are being accepted into OneAnswer Investment Portfolio).
- OneAnswer Investment Portfolio //Select (only applicable for OneAnswer Investment Portfolio //Select investors who joined prior to 15 November 2010. No new investors are being accepted into OneAnswer Investment Portfolio //Select).

OnePath Funds Management Limited ABN 21 003 002 800 AFSL 238 342 is the issuer of the PDSs and each of the products under them. We recommend you read this guide together with the relevant parts of the appropriate PDS before making an investment decision. We may be contacted on 133 665.

The information in this guide forms part of the PDSs. In this guide the terms 'OneAnswer' or 'OneAnswer Investment Portfolio' or 'OneAnswer Frontier Investment Portfolio' refer to OneAnswer Frontier Investment Portfolio, OneAnswer Investment Portfolio, OneAnswer Investment Portfolio //Select, ANZ OneAnswer Investment Portfolio and ANZ OneAnswer Investment Portfolio //Select unless noted otherwise.

The PDSs and this guide are publicly available at no charge by contacting your financial adviser, visiting our website at onepath.com.au > Forms & brochures or by contacting Customer Services.

This guide contains general information only and does not take into account your objectives, financial situation or needs. It should not be used as a substitute for financial advice. You should read this guide and the relevant PDS to assess whether the information is appropriate having regard to your objectives, financial situation and needs, and speak to a financial adviser before making an investment decision.

HOW DOES ONEANSWER FRONTIER INVESTMENT PORTFOLIO WORK?

HOW DO I MAKE AN ADDITIONAL INVESTMENT?

You can make an additional investment by:

- BPAY® or through your internet banking service using direct credit (EFT). This method cannot be used if you are making an additional investment to an ANZ Term Deposit option
- a one-off direct debit by completing an Additional Investment request online via Account Access at onepath.com.au
- cheque by completing an Additional Investment request online via Account Access at onepath.com.au and making the cheque payable to OnePath Funds Management Limited.

You can obtain an Additional Investment Form by contacting your financial adviser, visiting our website at onepath.com.au > Forms & brochures or by contacting Customer Services.

If you wish to make additional investments using BPAY® or EFT, you will need to quote reference and account numbers specific to your investment. These details will be provided to you with the confirmation of investment we will send you after your initial investment.

Additional investments will attract the same Entry Fees as your previous investment (if applicable) unless we receive a valid instruction from your financial adviser.

Where you do not nominate an investment fund(s), or you make an investment via BPAY® or direct credit, additional investments will be allocated to investment funds according to your most recent instruction (excluding ANZ Term Deposits) or your Auto-Rebalance Plan (where you have selected this facility). If you wish to vary your future investment profile, please complete a Change of Details Form available from your financial adviser, by visiting our website at onepath.com.au > Forms & brochures or by contacting Customer Services.

* Registered to BPAY Pty Ltd ABN 69 079 137 518.

ANZ Term Deposits

Additional investments can be made using an Additional Investment Form, accompanied by a cheque or direct debit instructions. BPAY® and direct credit cannot be used for additions to ANZ Term Deposits.

A new ANZ Term Deposit will be established each time you make an additional investment into ANZ Term Deposits. The new ANZ Term Deposit will be established with a new interest rate (the prevailing rate at the time of the investment) and a new maturity date.

The minimum investment into each ANZ Term Deposit is \$1,000.

Terms and conditions – additional investments

- Units will be issued on the basis of the terms of the PDS current at the time each additional investment is made and the investment fund constitution. You can obtain the latest PDS free of charge by contacting your financial adviser, visiting our website at onepath.com.au > Forms & brochures or by contacting Customer Services.
- Your current OneAnswer Frontier Investment Portfolio details will be used to establish your investment in a new investment fund, unless we receive a request in writing to vary these details.
- Any action taken or request given to us cannot normally be varied or countermanded.
- If we comply with a transaction request made, or claimed to be made, in accordance with these terms and conditions, this will satisfy all our obligations. No claim can be made against us, even if the request was made without your knowledge and authority.

We reserve the right to cancel or vary these arrangements at any time without notice.

HOW CAN I SET UP A REGULAR INVESTMENT PLAN?

A Regular Investment Plan allows you to make regular direct debit investments into your investment portfolio.

Your regular investments will be made on or around the 15th day of the month. Generally, your regular investment will occur in the month following the receipt of your initial investment or receipt of your Regular Investment Plan/Regular Draw-down Plan Form.

You can defer, stop or alter your Regular Investment Plan at any time by writing to us at least two weeks before the next debit is due.

You can establish a Regular Investment Plan by completing either:

- a Regular Investment Plan request online via Account Access at onepath.com.au
- the direct debit section in the Application Form when making your initial investment
- a Regular Investment Plan/Regular Draw-down Plan Form at any time (we will require five business days notice before your debit would be due).

You cannot regularly invest into ANZ Term Deposits options.

For additional terms and conditions please refer to the Direct Debit Request Service Agreement on page 12 of this book.

Terms and conditions – regular investments

- Units will be issued on the basis of the terms of the PDS current at the time each regular investment is made and the investment fund constitution. You can obtain the latest PDS free of charge by contacting your financial adviser, visiting our website at onepath.com.au > Forms & brochures or by contacting Customer Services.
- If a payment is not received by us because of insufficient money in your nominated financial institution account, we will contact you and ask if you wish to make the payment directly. Your financial institution may charge a fee for the attempted transaction.
- For all investment funds we have the right to recover any costs incurred in respect of any failed transaction. This amount does not currently exceed \$10 per investment, but may be varied in the future.
- If payments are not received for three consecutive months, your Regular Investment Plan will automatically be cancelled. We reserve the right to cancel your Regular Investment Plan at any time or discontinue processing future investments from all or particular investors for any reason. If this occurs, units already issued will not be affected.

HOW DO I SET UP A DOLLAR COST AVERAGING PLAN ON MY INVESTMENT?

The Dollar Cost Averaging Plan aims to take the guesswork out of when to invest by allowing you to invest a set amount on a regular basis. This may help to manage and spread the risk of investing.

You can invest into any investment fund and then nominate an amount to be switched into your target investment funds on a monthly or quarterly basis. This facility is not available for ANZ Term Deposits. These dollar cost averaging switches occur on the 22nd day of each month or the next Sydney business day.

To establish a Dollar Cost Averaging Plan, you nominate the total amount to be switched each month or quarter and the amounts to be switched to each target investment fund, using either dollars (\$) or percentages (%).

A Dollar Cost Averaging plan can be established at the time you make your initial investment. It can also be cancelled or amended by completing a Change of Details request online via Account Access at onepath.com.au

If we receive your request to establish a Dollar Cost Averaging Plan before the 17th of the month, your first dollar cost averaging switch can occur in that month, or alternatively, you can nominate a future month for your Dollar Cost Averaging Plan to commence. You can also nominate an optional end date for your Dollar Cost Averaging Plan. If no end date is specified, your Dollar Cost Averaging Plan will continue until there are insufficient funds to process a dollar cost averaging switch.

Terms and conditions – Dollar Cost Averaging Plan

- Units will be issued on the basis of the terms of the PDS current at the time each switch is made and the investment fund constitution. You can obtain the latest PDS free of charge by contacting your financial adviser, visiting our website at onepath.com.au > Forms & brochures or by contacting Customer Services.
- Currently, no fee is charged for using this facility. However, any Entry Fees, Withdrawal Fees or transaction costs applicable on switching from one investment fund and investing in another will apply.
- You cannot use the Dollar Cost Averaging Plan to invest into or from ANZ Term Deposits.
- Other switches or withdrawals you make may affect the operation of your Dollar Cost Averaging Plan.
- You can choose to cancel your Dollar Cost Averaging Plan at any time by notifying us at least two weeks prior to your next dollar cost averaging switch.
- Your Dollar Cost Averaging Plan will be automatically cancelled if there are insufficient funds available to process a dollar cost averaging switch or if you fully withdraw or switch out of your nominated dollar cost averaging investment fund.
- The Dollar Cost Averaging Plan cannot be used in conjunction with the Auto-Rebalance Plan or if you have a margin loan attached to your investment.
- Switching is a withdrawal from one investment fund and a new investment into another. Therefore, you may realise a capital gain or loss.

HOW DO I ADD THE AUTO-REBALANCE PLAN TO MY INVESTMENT?

By selecting the Auto-Rebalance Plan, you can also choose to automatically rebalance your investment fund allocation back to your nominated investment profile. Please speak to your financial adviser before deciding on or changing your investment allocation.

The Auto-Rebalance Plan works by switching units between investment funds, excluding ANZ Term Deposits, in order to realign your investment allocation as per your nominated investment profile. Refer to the section titled 'How do I switch investment funds?' on page 9 for more details on the terms and conditions applicable to switching.

You can request, amend or cancel an Auto-Rebalance facility online via Account Access at onepath.com.au

You may nominate a tolerance level to prevent a rebalance for significantly low amounts. If you do not nominate a tolerance level, auto-rebalances will only occur where the difference between your investment allocation and investment profile is greater than 5%.

For example, you initially invest 50% into Fund A and 50% into Fund B and you want to maintain this investment allocation. Over time, unit price movements and transactions made on your account may change your investment allocation, so that Fund A is now 60% and Fund B is 40%. If you have chosen a tolerance level of 10% or less, the Auto-Rebalance Plan will automatically rebalance your portfolio, at the frequency you nominate, to your initial Fund A 50% and Fund B 50% investment allocation.

Frequency of auto-rebalancing

You can choose to auto-rebalance your investment either:

- quarterly (22 February, 22 May, 22 August and 22 November)
- half-yearly (22 May and 22 November)
- yearly (22 May).

Auto-rebalancing occurs on the dates above or the next Sydney business day and will occur after all other transactions on your account have been processed.

You can request to auto-rebalance your investment by either:

- completing the relevant section on the Application Form
- adding this facility to your account at a later date by completing the auto-rebalance section on the Switch Request Form. This form is available by contacting your financial adviser, visiting our website at onepath.com.au > Forms & brochures or by contacting Customer Services.

Terms and conditions

– Auto-Rebalance Plan

- Units will be issued on the basis of the terms of the PDS current at the time each switch is made and the investment fund constitution. You can obtain the latest PDS free of charge by contacting your financial adviser, visiting our website at onepath.com.au > Forms & brochures or by contacting Customer Services.
- Currently, no fee is charged for using this plan. However, any Entry Fees, Withdrawal Fees or transaction costs that currently apply on withdrawal from one investment fund and on investment in another will apply.
- Switching is a withdrawal from one investment fund and a new investment into another. Therefore, you may realise a capital gain or loss.
- We will cancel the Auto-Rebalance Plan for the whole of your OneAnswer investment if you fully withdraw from an investment fund or invest in a new investment fund which is not part of your Auto-Rebalance Plan.
- An auto-rebalance only takes place when your investment allocation differs from your nominated investment allocation by at least the selected tolerance level at the next auto-rebalance date. The default tolerance level is 5%. For example, if your nominated investment profile is to be invested in Fund A 50% and Fund B 50%, then auto-rebalance will be triggered when your investment in Fund A or Fund B is at least 5% higher or lower, i.e. Fund A 56% and Fund B 44%. Regardless of market performance, auto-rebalancing will occur automatically at your nominated frequency.

- You can amend or cancel your Auto-Rebalance Plan by notifying us at least two weeks prior to the next auto-rebalance date. Amendments to your nominated investment allocation can be made by completing the auto-rebalance section on the Switch Request Form.
- To cancel your Auto-Rebalance Plan, simply complete a Change of Details Form.
- The Auto-Rebalance Plan is not available for ANZ Term Deposits. You can choose to use the facility but it will exclude your ANZ Term Deposits and will only rebalance amongst your other investment funds. Please note if an interest payment is deposited into ANZ Cash Advantage fund (from ANZ Term Deposits) and you do not have ANZ Cash Advantage in your Auto-Rebalance profile, then the Auto-Rebalance Plan will suspend. To avoid this suspension you can switch or withdraw the interest from the ANZ Cash Advantage fund prior to the Auto-Rebalance processing or you can include ANZ Cash Advantage fund as part of your Auto-Rebalance profile.

HOW DO I RECEIVE MY DISTRIBUTION PAYMENTS?

You may choose to have your distributions from each investment fund (except ANZ Term Deposits), either:

- reinvested by converting them into more units in that investment fund, thereby potentially growing your capital
- paid as income into your nominated Australian financial institution account.

ANZ Term Deposits

Any interest from ANZ Term Deposits will be switched into the ANZ Cash Advantage fund.

Other investment funds

If you choose to have your distributions reinvested, units are purchased in the relevant investment fund on the first Sydney business day of the new distribution period. Units will be issued on the basis of the terms of the PDS current at the time each reinvestment is made and the investment fund constitution. You can obtain the latest PDS free of charge by contacting your financial adviser, visiting our website at onepath.com.au > Forms & brochures or by contacting Customer Services.

When you invest, please nominate how you would like to receive your distributions.

You can change this selection at any time by completing a Change of Details Form, available by contacting your financial adviser, visiting our website at onepath.com.au > Forms & brochures or by contacting Customer Services.

Distributions are normally paid within 30 days of the end of each distribution period, although a greater period may be allowed under the constitution of each investment fund. Investment funds in OneAnswer Investment Portfolio pay distributions at different times (monthly, quarterly, half-yearly or yearly). The distribution frequencies for each investment fund can be found in the PDS in Part Two – OneAnswer Investment Funds Guide, or are available by contacting your financial adviser, visiting our website at onepath.com.au > Forms & brochures or by contacting Customer Services.

If you have chosen to receive distributions as cash to be paid into your financial institution account and our deposit is rejected (e.g. because your account has been closed), we will try to contact you to obtain new financial institution account details. If we cannot obtain new details, we will either:

- reinvest your distribution in the relevant investment fund if you have not withdrawn all your money from the investment fund
- send you a cheque for your distribution.

If the distribution cheque we send you is returned unclaimed, and after making reasonable enquiries we cannot obtain a new address for you, we will reinvest your distribution in the relevant investment fund if you have not withdrawn all your money from that fund. Otherwise, we will treat your distribution as unclaimed money.

Distributions will also be reinvested if we have received notice of the death of an investor and the units have not been transferred to an executor or beneficiary.

We may continue to reinvest any subsequent distributions until you notify us otherwise, or in the case of a deceased investor, until the units are transferred.

HOW CAN I RECEIVE A REGULAR PAYMENT FROM MY INVESTMENT?

The Regular Draw-down Plan allows you to receive a regular payment from your investment by withdrawing units from your OneAnswer Investment Portfolio.

You can choose to receive a fixed amount each month or quarter. Amounts will be credited to your nominated Australian financial institution account on or around the 15th day of each month. However, for the regular draw-down occurring immediately after the end of the financial year, (i.e. 15 July), there may be a delay due to the additional processing required for end of financial year.

Your first payment will occur in the month following the date of your initial investment or following the date of receipt of your Regular Investment Plan/Regular Draw-down Plan Form.

You can defer, stop or alter your Regular Draw-down Plan at any time by notifying us in writing at least two weeks before the next payment date.

In the event that there is insufficient money in your nominated investment fund to make the regular payment, we will not make a payment for that period. Payments will resume in future periods if sufficient money is invested.

Please refer to the section entitled 'How do I withdraw money from my investment?' on page 8 for the terms and conditions associated with withdrawing money.

You can establish a Regular Draw-down Plan by completing:

- the Regular Draw-down Plan section in the Application Form
- a Regular Investment Plan/Regular Draw-down Plan using Account Access at onepath.com.au
- a Regular Investment/Regular Draw-down Plan Form available at onepath.com.au

You cannot nominate a regular payment to be made from an ANZ Term Deposit.

Regular Withdrawal Plan (OnePath Income only)

The Regular Withdrawal Plan only applies to money invested in OnePath Income (offered through ANZ OneAnswer), and is designed to provide a fixed payment each month. You nominate the amount you want to receive and if the monthly income return on your investment is higher than your nominated amount, the excess is automatically reinvested, increasing your capital.

If the amount you want to receive is higher than the monthly income return on your investment, the shortfall will cause an automatic withdrawal of some of your units, reducing your capital. There may be capital gains tax implications as a result of the withdrawal. No Withdrawal Fees are payable on these withdrawals. If a withdrawal of units is required to meet your nominated amount, and there are insufficient units to meet your request, all units will be withdrawn and paid to you and your investment in the fund will be closed.

Your payments will be deposited into your nominated financial institution account. The minimum monthly amount you can receive is \$20, and nominations must be in multiples of \$10.

You are free to alter the amount you receive up to four times per year without charge. We may charge a fee of \$10 for any subsequent changes. Any changes must be made in writing no later than the 10th day of the month prior to the month the revised amount is being paid.

You will receive your first payment at the end of the month following the month you set up the Regular Withdrawal Plan (e.g. if you set up the plan in April, you will receive your first payment at the end of May).

HOW DO I WITHDRAW MONEY FROM MY INVESTMENT?

We are not required to respond to or deal with your request in certain circumstances. Provided (where relevant) you either have the right to withdraw or we have accepted your withdrawal request and provided the relevant investment fund is liquid, you can withdraw your investment at any time. Please see exception below in relation to ANZ Term Deposits.

The amount you withdraw can be deposited into your Australian nominated financial institution account or paid to you by cheque.

Prior to withdrawing from your investment, please speak to your financial adviser about any applicable Withdrawal Fees or tax implications.

You can request a withdrawal by contacting Customer Services or completing a Withdrawal Form.

ANZ Term Deposits

You can withdraw your investment in an ANZ Term Deposit at maturity by providing maturity instructions by 12 noon (Sydney time) at least two business days prior to the maturity date of the relevant ANZ Term Deposit. The principal and final interest payment will be paid into the ANZ Cash Advantage fund within OneAnswer. You can then access your principal and interest through the normal withdrawal process.

A partial withdrawal from an ANZ Term Deposit is not possible.

You can access monies invested in an ANZ Term Deposit prior to maturity, however, the entire deposit must be withdrawn and an Early Withdrawal Adjustment will apply. This can be done by completing an ANZ Term Deposit Break Form available from your financial adviser or by contacting Customer Services. Please refer to 'ANZ Term Deposits through OneAnswer' in the Investment Funds Guide for details.

Terms and conditions – withdrawing money

- Payments will not be made to third party financial institution accounts.
- Any applicable Withdrawal Fees or transaction costs that apply will be deducted before the payment is made to you.
- While the relevant investment fund is liquid, withdrawal requests are usually paid within seven working days, although the constitution for each investment fund may allow for a longer period of time. Please note, there may also be a delay in payment of withdrawal proceeds after 30 June, whilst financial year-end distributions are being finalised, and we do not have an obligation to satisfy withdrawal requests within the shorter withdrawal period.
- Depending on the relevant investment fund constitution, we may (in some circumstances with your consent) choose to transfer assets of the investment fund to you instead of paying cash. In these circumstances, the costs of the transfer (including any applicable stamp duty) may be borne by you.
- In the unlikely event that an investment fund ceases to be 'liquid' (i.e. because sufficient assets cannot reasonably be expected to be realised and converted into cash to satisfy a withdrawal request within the period specified in the investment fund's constitution), different withdrawal procedures, as specified in the Corporations Act, will apply if the relevant investment fund's constitution provides for this. If the investment funds constitution does not provide for withdrawal procedures in these circumstances, you will not be able to withdraw from that investment fund.
- If the balance in an investment fund falls below \$250 we may, after giving you 30 days notice, redeem your units in that investment fund and return your money. We may vary the minimum balance of an investment fund at any time without notice. If we comply with a withdrawal request made, or claimed to be made, in accordance with these terms and conditions, this will satisfy all our obligations. No claim can be made against us, even if the request was made without your knowledge and authority.
- Withdrawal requests on the death of an investor will be paid once all necessary information is provided. For information on our requirements, please contact either your financial adviser or Customer Services.

- Certain investment fund constitutions allow us to suspend withdrawal of units in certain circumstances outlined in the constitution of the relevant investment fund, for a period of time as specified in that constitution. Examples of such circumstances include where:
 - a) it would be impractical for us to calculate the net asset value of the relevant investment fund due to, for example, closure of or trading restrictions on stock or securities exchanges, or an emergency state of affairs
 - b) it is permitted under the law
 - c) we reasonably consider that it is in the interests of unitholders.

Generally, the period allowed for suspension under the relevant constitutions ranges from 14 days to an indefinite period which is considered by us to be in the best interest of unit holders of the relevant investment fund.

During a suspension, transactions that would have been processed on the day that prices were suspended will be allocated the next available unit price after the end of the suspension period.

Terms and conditions – phone withdrawals

- You must quote your investor number and comply with any other security measures we may introduce from time to time.
- For security purposes, phone withdrawals will only be paid to a previously nominated financial institution account or by cheque made payable to you and sent to the address recorded on our registry system. Any changes to your financial institution account details must be advised in writing.
- To enable us to enhance our service standards and verify your instructions, phone conversations may be monitored or recorded without your knowledge.
- Any action taken or request given to us cannot normally be varied or countermanded.
- You agree to release and indemnify us against any claims, demands, costs, losses or liabilities arising out of us doing, or not doing, anything in reliance upon an instruction given to us by phone.
- We reserve the right to cancel or vary these arrangements at any time without notice.
- Phone withdrawals are not applicable to ANZ Term Deposits where you are withdrawing prior to maturity.

HOW DO I SWITCH INVESTMENT FUNDS?

OneAnswer Frontier Investment Portfolio allows you to switch all or part of your investment between any of the investment funds offered in the PDS. Please see exception below in relation to ANZ Term Deposits. Prior to switching, please speak to your financial adviser about any applicable Entry or Withdrawal Fees, transaction costs or tax implications.

Each step of the transaction is completed using the standard withdrawal and application procedures, which means that there may be a delay between the date the withdrawal is processed and when units in the new investment fund are issued.

You can request a switch between investment funds:

- online via Account Access at onepath.com.au
- by completing a Switch Request Form.

Your financial adviser may also submit an online switch request on your behalf, in accordance with your instructions.

ANZ Term Deposits

A switch into ANZ Term Deposits will establish a new ANZ Term Deposit, with a new interest rate and maturity date applicable at the time of investment. A minimum \$1,000 applies to each investment into ANZ Term Deposits.

You cannot request a switch out of an ANZ Term Deposit. You can either withdraw the principal at maturity or complete an ANZ Term Deposit Break Form to withdraw the principal prior to maturity. Please refer to 'ANZ Term Deposits through OneAnswer' on page 82 of the Investment Funds Guide for details.

Terms and conditions – switches

- Units will be issued (or investments processed) on the basis of the terms of the PDS current at the time each switch is made and the investment fund constitution. You can obtain the latest PDS free of charge by contacting your financial adviser, visiting our website at onepath.com.au > Forms & brochures or by contacting Customer Services.
- Currently, no fee is charged for using the switching facility. However, any Entry Fees, Withdrawal Fees or transaction costs that currently apply on withdrawal from one investment fund and on investment in another will apply.
- Switching is a withdrawal from one investment fund and a new investment into another. Therefore, you may realise a capital gain or loss.
- Your current OneAnswer Frontier Investment Portfolio details will be used to establish your investment in a new investment fund, unless we receive a request in writing to vary these details.
- Any action taken or request given to us cannot normally be varied or countermanded.

- If we comply with a transaction request made, or claimed to be made, in accordance with these terms and conditions, this will satisfy all our obligations. No claim can be made against us, even if the request was made without your knowledge and authority.
- We reserve the right to cancel or vary these arrangements at any time without notice.

Any forms you require to manage your OneAnswer Frontier Investment Portfolio are available by contacting your financial adviser, visiting our website at onepath.com.au > Forms & brochures or by contacting Customer Services.

WHAT ELSE DO I NEED TO KNOW?

TAX INFORMATION

The following information is a brief explanation of some of the general taxation issues for individual investors, based on current tax legislation effective at the date of this guide. Any changes in tax law could affect the tax treatment of your investment. The tax implications of your investment will depend on your individual circumstances and we strongly advise that you seek professional tax advice specific to your circumstances.

Registered managed investment schemes do not pay tax on behalf of investors. Investors are assessed on any income and capital gains generated by the managed investment scheme.

You should receive distributions on your investments at least annually but potentially more frequently, (and possibly less frequently) depending on the investment funds in which you invest. These distributions should be based on the taxable net income (including net capital gains) of each investment fund for the relevant financial year, although the responsible entity may determine to accumulate and not distribute the income where the investment fund is an AMIT (see further comments under "New tax system for managed investment trusts – AMIT regime" on page 11.

The amount on which you are assessed on your investment each year may include components such as Australian income, foreign income, tax-free amounts, tax-deferred amounts, return of capital amounts and net capital gains, each of which has different tax implications for you.

You will be assessed on some of these components in the year of income in which they arise, even if they are not paid to you in that year of income. This means that even if you receive your June 2017 distribution in July 2017, you may have to include the components of this distribution in your 2016/17 tax return. You are required to pay tax on the relevant components included in your distribution, even if you reinvest it.

The tax components that you are assessed on each year from the investment funds and any interest received from ANZ Term Deposits will be indicated on your end of year Consolidated Tax Statement. The Consolidated Tax Statement information can be relied on by Australian resident investors for the purposes of their tax return. Non-resident investors should seek their own independent tax advice in relation to their Australian tax return obligations.

TAXATION OF AUSTRALIAN RESIDENT INVESTORS

Australian income

Depending on the investment fund (excluding ANZ Term Deposits), your tax components for a year may include franked and unfranked dividends, interest, rental income and other profits of a revenue nature earned in Australia.

There may be franking credits attached to some components, and these franking credits may be used to reduce your tax liability. However, if you sell your units within 45 days of receiving a distribution, you may lose the benefit of the franking credits due to the operation of the 45-Day Holding Period Rule.

If your franking credits exceed your tax liability, you may be entitled to a refund of the excess franking credits.

Term Deposit income

Interest received from the investment in an ANZ Term Deposit will be assessed in the year of income in which it is paid.

If you withdraw an ANZ Term Deposit investment prior to maturity and an Early Withdrawal Adjustment is applied this amount may be deductible in the year of income that the withdrawal occurs.

Foreign income

Depending on the investment fund, the tax components that you are assessed on each year may include income from investments held outside Australia. Australian residents are generally subject to tax in Australia on all foreign income.

Where tax has been paid in a foreign country on foreign income, a foreign tax offset may arise and may be attached to the foreign income components on which you are assessed. You may use this foreign tax offset to reduce the Australian tax payable on your foreign income.

Specific rules in the tax legislation impose tax on unrealised gains arising from certain foreign investments. We do not expect the investment funds to be subject to these rules.

Tax-free, tax-deferred and return of capital amounts

Depending on the investment fund, the tax components on which you are assessed may include tax-free, tax-deferred amounts and return of capital amounts. These amounts are not included in your assessable income. These amounts may affect your taxable capital gain or loss when you sell your units.

Capital gains tax (CGT)

Capital gains tax is payable on the growth in the value of assets when they are sold (realised). Due to legislation changes over the years, capital gains and capital losses can be calculated in a number of different ways.

It may be possible that some investment funds will hold their assets on revenue account rather than capital account. Gains on revenue assets are not eligible for the CGT discount and will be distributed as ordinary income.

The tax treatment of capital gains and capital losses is outlined in your end of year Consolidated Tax Statement. Capital gains are realised at two levels:

Fund level

If an investment fund was to purchase assets, such as shares, at a particular price and then sell the same parcel of shares at a later date for a higher price, the investment fund will realise a capital gain. The net capital gains realised by an investment fund will be distributed to investors. If the investment fund holds the assets for 12 months or more before the disposal, the capital gain may be subject to a discount of 50%.

Individual level

If you withdraw units, switch or transfer any part of your investment, participate in a regular withdrawal facility or authorise the payment of an Adviser Service Fee, it is treated as a disposal of units for tax purposes. Any gain or loss arising from the disposal will be disclosed in your end of year Consolidated Tax Statement. If you held the units for 12 months or more before the disposal, you may be entitled to a 50% discount if you are an Australian resident.

Please note that we may not be able to provide capital gain or capital loss reporting in limited circumstances. For example, for investors who have received a transfer of units due to death, and subsequently redeem their units, capital gains and/or losses on the redemption of units are not reported.

TAXATION OF NON-RESIDENT INVESTORS

Non-residents are generally liable to pay Australian tax on income which is sourced in Australia and certain capital gains. Non-residents are only liable to pay Australian capital gains tax where the asset involved falls within the definition of 'taxable Australian real property' (TARP). The CGT discount is not available for non-residents on capital gains accrued after 8 May 2012. We recommend that you seek professional advice for your circumstances.

When you receive a distribution

We are required by Australian tax law to withhold tax from some components of your distribution. The rate of tax that we are required to withhold will depend upon the type of income and/or capital gain that is being distributed and which country you reside in.

When you sell your units

If you own less than 10% of the units in an investment fund and make a capital gain or loss on the redemption of units in that investment fund, you are not liable to pay Australian income tax, and we do not withhold tax from your redemption.

If you own more than 10% of the units in an investment fund and make a capital gain or loss on the sale of these units, a liability to Australian tax will only arise if 50% or more of the underlying assets of the investment fund represent TARP.

NEW TAX SYSTEM FOR MANAGED INVESTMENT TRUSTS – AMIT REGIME

The Government has recently enacted a new regime for the taxation of eligible managed investment trusts (MIT), known as the "attribution managed investment trust" (AMIT) regime. The AMIT regime contains a number of aspects which may impact upon the way an investment in the investment funds is taxed.

The AMIT regime only applies if the responsible entity of an eligible MIT elects to be treated as an AMIT. At present, we intend to elect to apply the AMIT regime to all of the investment funds with effect from 1 July 2017.

One of the most important aspects of the AMIT regime is that tax is based on attribution rather than distribution. The taxable income of an AMIT will flow through to investors based on the amount and character of taxable income which the responsible entity chooses to "attribute" to the investor, rather than based on the share of the trust income to which the investor is presently entitled and is therefore distributed. Such an attribution will need to be made on a fair and reasonable basis.

Another important aspect of the AMIT regime is a system of cost base adjustments that allows for upward cost base adjustments in the event that the amount distributed to an investor falls short of the taxable income that is attributed to the investor.

It is no longer necessary to distribute all taxable income in order to ensure that tax is not imposed on an AMIT. We may therefore decide to accumulate income, in which case the income will not be distributed but will be reflected in the price of units.

If an investment fund is an AMIT, we will issue to investors each year an AMIT Member Annual Statement (AMMA Statement) which will replace the current end of year Consolidated Tax Statement. The AMMA Statement will set out the components of attributed income and other relevant tax information to assist Australian resident investors with the preparation of their tax returns. Non-resident investors will need to seek their own independent tax advice in relation to their Australian tax return obligations.

There is a legislative process for investors to object to an attribution. We intend to amend the constitution of each investment fund to (among other things) require investors to contact us before lodging an objection with the Commissioner of Taxation.

GOODS AND SERVICES TAX (GST)

Investments in and withdrawals from the investment funds are not subject to GST. Further, the distributions you receive from the investment funds will not be subject to GST.

TAX FILE NUMBER (TFN) OR AUSTRALIAN BUSINESS NUMBER (ABN)

If you have an ABN and are making this investment in the course of a business or enterprise carried out by you, you may wish to quote the ABN of that enterprise (rather than your TFN). Providing your TFN or ABN is not compulsory. However, if you do not supply your TFN or ABN and you do not have a TFN exemption, we are obliged to withhold tax from your distributions at the highest marginal tax rate plus Medicare levy.

By quoting your TFN or ABN, you authorise us to apply it to all of your investments in the investment funds.

TFN, ABN or exemption

If you are eligible to claim an exemption you must specify the exemption being claimed on the Application Form, for example:

Type 1: Age, disability support or service pension

Type 2: Wife, widow, special needs pensions, carer or parenting (singles) payments

Type 3: Company which is not required to lodge a tax return or non-resident investor.

SOCIAL SECURITY

Investments in the investment funds may affect your current or future social security entitlements. We recommend you seek professional advice.

ANTI-MONEY LAUNDERING AND COUNTER-TERRORISM LEGISLATION

The *Anti-Money Laundering and Counter-Terrorism Financing Act 2006* (the AML/CTF Act) requires us to identify you and verify your identity before we can provide you with certain prescribed services.

Generally your financial adviser will undertake these steps, but to enable them to do so you will need to provide certain documents (such as your passport or current driver's licence) for sighting and verification. If you are requesting these services without an adviser, you will need to include certified copies of these documents with your transaction request. The certification must not have taken place more than 3 months prior to when the identification and verification procedure is being undertaken.

Please see below for a list of the types of documents that will satisfy these requirements. The information outlined below relates to individuals (including those investing on behalf of a child), joint investors and sole traders only. You will need to complete the attached Identification Form – Individuals and sole traders.

For non-individuals (e.g. company, trust, partnership, association) you must complete the relevant customer identification document available at onepath.com.au. This form must be attached to your Application Form to enable your investment to be processed.

If you do not provide identifying documents, we will not be able to process your transaction.

We may also request further information from you. You must provide all information to us, which we reasonably require in order to manage our money-laundering, terrorism-financing or economic and trade sanctions risk, or to comply with any laws or regulations in Australia or any other country.

We may disclose information to any law enforcement, regulatory agency or court, as required by applicable laws and regulations.

We may delay, block or refuse to process any transaction without incurring any liability if we suspect that:

- a) the transaction may breach any laws or regulations in Australia or any other country;
- b) the transaction involves any person (natural, corporate or governmental) that is sanctioned or is connected, directly or indirectly, to any person that is sanctioned under economic and trade sanctions imposed by the United States of America, the European Union or any other country;
- c) the transaction may directly or indirectly involve the proceeds of, or be applied for the purposes of, conduct which is unlawful in Australia or any other country.

DIRECT DEBIT REQUEST SERVICE AGREEMENT

Our commitment to you

Drawing arrangements:

- Where the due date falls on a non-business day, we will draw the amount on the next business day.
- We will not change any details of drawings arrangements without giving you at least fourteen (14) days written notice.
- We reserve the right to cancel the OnePath Funds Management Limited drawing arrangements if three or more drawings are returned unpaid by your nominated Financial Institution and to arrange with you an alternate payment method.
- We will keep all information pertaining to your nominated account at the Financial Institution, private and confidential.
- We will only arrange for funds to be debited from your account as authorised in the Direct Debit Request.

Your rights:

- You may terminate the OnePath Funds Management Limited drawing arrangements at any time by giving written notice directly to us, or through your nominated Financial Institution. Notice given to us should be received by us at least 10 business days prior to the due date.
- You may stop payment of a drawing under OnePath Funds Management Limited by giving written notice directly to us, or through your nominated Financial Institution. Notice given to us should be received by us at least 10 business days prior to the due date.

- You may request changes to the drawing amount and/or frequency of OnePath Funds Management Limited drawings by contacting us and advising your requirements no less than 10 business days prior to the due date.
- Where you consider that a drawing has been initiated incorrectly [outside the OnePath Funds Management Limited arrangements] you may take the matter up directly with us, or lodge a Direct Debit Claim through your nominated Financial Institution.

Your commitment to us

Your responsibilities:

You should check:

- a) with your financial institution whether direct debiting is available from your account as direct debiting is not available on all accounts offered by financial institutions;
 - b) your account details which you have provided to us are correct by checking them against a recent account statement; and
 - c) with your financial institution before completing the Direct Debit Request if you have any queries about how to complete the Direct Debit Request.
- It is your responsibility to ensure that sufficient funds are available in the nominated account to meet a drawing on its due date.
 - It is your responsibility to ensure that the authorisation given to draw on the nominated account is identical to the account signing instruction held by the Financial Institution where the account is based.
 - It is your responsibility to advise us if the account nominated by you to receive the OnePath Funds Management Limited drawings is transferred or closed.
 - It is your responsibility to arrange with us a suitable alternate payment method if you wish to cancel the OnePath Funds Management Limited drawing.

For some of the investment funds there are two or more managed investment schemes and constitutional names listed. Where this is the case and you invest into OneAnswer Investment Portfolio through ANZ Financial Planning you will be investing into the scheme with ANZ OA in the constitutional name.

The investment funds may be subject to change from time to time. We may substitute one investment fund with another investment fund with the same investment objective and strategy. We will notify impacted investors as appropriate and seek approval where required. If any changes are made, the following tables will be updated and published on our website at onepath.com.au > Forms & brochures and may be obtained free of charge by contacting your financial adviser or by contacting Customer Services.

REGISTERED MANAGED INVESTMENT SCHEMES

The investment funds offered through OneAnswer Frontier Investment Portfolio are managed investment schemes. Each of the investment funds is offered through both OneAnswer Investment Portfolio and OneAnswer Frontier Investment Portfolio unless noted otherwise. The following tables identify investment funds offered in the PDS and the formal names of the schemes as registered with ASIC.

If you are investing in OneAnswer Frontier Investment Portfolio the scheme into which you are investing is noted with '[Frontier]'.
