Making investments*^s

You can make your initial investment with as little as \$5,000 (\$1,000 per investment fund or per ANZ Term Deposit).

Your initial investment can be made by cheque or direct debit.

Additional investments can be made by cheque, Internet banking (EFT), direct debit, BPAY[®] or online through Account Access at onepath.com.au. For ANZ Term Deposits additions can only be made using an Additional Investment form accompanied by a cheque or direct debit instructions.

We are not bound to accept your application.

More information?

Refer to 'How do I make an additional investment?' in the OneAnswer Frontier Investment Portfolio Additional Information Guide.

Investing in ANZ Term Deposit options

Through OneAnswer you can access a range of ANZ Term Deposit options. These offer competitive interest rates and a choice of 3, 6 and 12 months, or 2, 3, and 5 year investment terms. These options give you the security of investing with ANZ, one of Australia's largest banks. You can view current interest rates at onepath.com.au

ANZ Term Deposit options work a little differently to other investment funds in OneAnswer. The Regular Investment Plan, Dollar Cost Averaging Plan, Auto-Rebalance Plan and Regular Draw-down Plan are not available for ANZ Term Deposits. An additional investment or switch in to ANZ Term Deposits will be processed as a new term deposit and the minimum of \$1,000 will apply. You cannot make a partial withdrawal or switch from an ANZ Term Deposit. Full withdrawals prior to maturity will incur an early withdrawal adjustment.

Interest earned on ANZ Term Deposits will be credited to ANZ Cash Advantage, an investment fund offered through OneAnswer Frontier.

More information?

Refer to the section 'ANZ Term Deposits through OneAnswer' in the OneAnswer Investment Funds Guide.

Establishing a Regular Investment Plan[§]

A Regular Investment Plan is a simple and effective way to grow your investment by adding money on a regular basis from outside of your investment. You are not able to regularly invest into ANZ Term Deposits.

You choose:

- How often you invest: monthly or quarterly
- The account you want investments to be debited from
- The investment funds you would like to invest into.

A minimum initial investment of \$1,000 per fund applies to the Regular Investment Plan.

More information?

Refer to 'How can I set up a Regular Investment Plan?' in the OneAnswer Frontier Investment Portfolio Additional Information Guide.

Establishing a Dollar Cost Averaging Plan^{†§}

With a Dollar Cost Averaging Plan, you switch a set amount into your chosen investment fund(s) (except for ANZ Term Deposits) at regular intervals, thereby potentially reducing the risk of investing a single larger amount on a single day.

You choose:

- One investment fund from which to make your regular switches
- The amount of each switch
- Which investment funds you are switching into
- How often you would like the switches to occur: monthly or quarterly
- When you would like the Dollar Cost Averaging Plan to end (optional).

More information?

Refer to 'How do I set up a Dollar Cost Averaging Plan on my investment?' in the OneAnswer Frontier Investment Portfolio Additional Information Guide.

Using auto-rebalance to realign to your chosen investment profile^{†§}

The Auto-Rebalance Plan works by switching units between investment funds (except for ANZ Term Deposits) in order to realign your investment allocation as per your nominated investment profile.

You choose:

- How often your investment is rebalanced – quarterly, half-yearly or yearly
- A 'tolerance range' that determines when your auto-rebalance switch triggers.

Additional investments, switches or withdrawals may affect your Auto-Rebalance Plan.

More information?

Refer to 'How do I add the Auto-Rebalance Plan to my investment?' in the OneAnswer Frontier Investment Portfolio Additional Information Guide.

Receiving distribution payments[§]

You can choose to have distributions from your selected investment funds (except for ANZ Term Deposits) reinvested for further units in your investment fund(s) or paid into your nominated bank or financial institution account.

Any transaction costs applicable to the relevant investment fund will not apply on the reinvestment of distributions. For ANZ Term Deposits interest is automatically credited to ANZ Cash Advantage.

More information?

Refer to 'How do I receive my distribution payments?' in the OneAnswer Frontier Investment Portfolio Additional Information Guide.

* It is important to be aware that any units purchased as a result of an additional investment or reinvestment of a distribution will be issued, based on the terms of the PDS current at the time the units are issued, and the investment funds' constitution. You can obtain the latest PDS free of charge by contacting your financial adviser, visiting our website at onepath.com.au > Forms & brochures or by contacting Customer Services. Initial, regular and additional investments may incur transaction costs. Please refer to the section entitled 'Fees and other costs' on pages 11 to 24 of this book.

† Switching involves the withdrawal of units from one investment fund and the purchase of units into another investment fund. When switching or withdrawing you may incur transaction costs and you may realise a capital gain or loss. You may want to discuss this with your financial adviser.

§ Additional conditions and restrictions apply for ANZ Term Deposit options. Refer to the section 'ANZ Term Deposits through OneAnswer' in the OneAnswer Investment Funds Guide.

Receiving regular withdrawals from your investment^{†§}

A Regular Draw-down Plan enables you to make regular withdrawals from your specified investment funds (except for the ANZ Term Deposits).

You choose:

- When to start and stop receiving payments
- How often payments from your investment are made – monthly or quarterly.

More information?

Refer to 'How can I receive a regular payment from my investment?' in the OneAnswer Frontier Investment Portfolio Additional Information Guide.

Making a withdrawal^{†§}

You can make a request to withdraw from your investment at any time, if the relevant investment is liquid. You may wish to speak to your financial adviser before you decide to make a withdrawal. For ANZ Term Deposits, partial withdrawals cannot be made and withdrawals made prior to maturity will incur an early withdrawal adjustment.

If the balance in any investment fund falls below \$250 we may, after giving you 30 days' notice, redeem your units in that investment fund and return your money to you. We may vary this minimum at any time without your consent. In certain exceptional circumstances, depending on the investment fund, we are not required to accept your withdrawal request.

More information?

Refer to 'How do I withdraw money from my investment?' in the OneAnswer Frontier Investment Portfolio Additional Information Guide.

Switching between investment funds^{†§}

As your financial objectives change over time, we make it easy for you to tailor your OneAnswer Frontier investment. For your convenience you can switch between investment funds online at any time via Account Access at onepath.com.au or by written request.

Any units purchased as a result of the switch will be issued based on the terms of the PDS current at the time the purchase is made and the relevant investment funds' constitution. You can obtain the latest PDS free of charge by contacting your financial adviser, visiting our website at onepath.com.au > Forms & brochures or by contacting Customer Services.

WHAT RISKS SHOULD I BE AWARE OF?

All investments carry risk and different strategies may carry different levels of risk, depending on the assets that make up the strategy. For instance, assets with the highest long-term returns may also carry the highest level of short-term risk. Before investing, you should consider the level of risk involved with a particular investment and whether the potential returns justify those risks.

When considering risk associated with your investment, it is important to keep the following in mind:

- The value of investments can rise and fall.
- The returns you receive from your investment will vary and future returns may be different to past returns.
- Returns are not guaranteed and you may lose some of your money.
- Your investment may be affected by changes in the economic and political climate or changes to legislation, particularly in relation to taxation.

The level of risk you face will vary depending on a range of factors, including your age, investment timeframes, your risk tolerance and what other investments you hold.

Other risks associated with investing through OneAnswer Frontier Investment Portfolio will depend on the particular investment funds you choose. This includes risks associated with:

- Investing globally, including currency risks.
- Alternative assets that behave differently to traditional assets such as shares, fixed interest and cash.
- Gearing – where a fund borrows money in order to invest a greater amount.
- Derivatives that are used to gain exposure to an investment market or to protect against changes in the values of financial products.
- Securities lending practices where some fund managers may engage in lending of securities to third parties at a fee.
- Short-selling strategies used by some fund managers – the selling of the stock which the investment manager does not hold.
- Long/short strategies used by some fund managers – where the manager will short-sell when they expect a decline in the securities' value while purchasing securities they expect will increase in value.
- Liquidity risk – where an investment may not be able to be sold to realise enough cash to fund a withdrawal.
- Counterparty risk – where the other party in a derivative transaction may not be able to meet its financial obligations.
- Changes to investment funds – where an investment fund is added or removed or an existing fund's characteristics may be changed.

All investment products are generally subject to some or all of the risks described above.

Your financial adviser can help you establish an investor profile that suits your needs to manage these risks.

More information?

You should read the important information about 'Risks' before making a decision. Go to the section 'What are my investment risks?' in the OneAnswer Investment Funds Guide.

FEES AND OTHER COSTS

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your account balance, rather than 1%, could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower contribution fees and management costs where applicable. Ask the product issuer or your financial adviser.

To find out more

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** website (moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

This document shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the assets of the managed investment schemes as a whole.

Taxes are set out in another part of this document.

You should read all the information about fees and costs because it is important to understand their impact on your investment.

Fees and costs for particular investment funds are set out on pages 13 to 16 of this book.

OneAnswer Frontier Investment Portfolio has simple fee structures with no upfront fees. You will be charged an Ongoing Fee for your investment and can negotiate a fee for advice provided with your financial adviser.

The rebate reduces the effective Ongoing Fees charged. Please refer to 'Ongoing Fee rebate' on page 17 of this book.
	Investor Fee An Investor Fee of \$115 p.a. applies to account balances under \$50,000.	Investor Fee This fee is deducted from your account balance annually. Please refer to 'Investor Fee' on page 17 of this book.

Indirect costs for some investment funds include performance related fees estimated to range from 0% to 1.22% p.a. depending on the investment fund. The performance related fees for each investment fund are on page 18 of this book. Note: The indirect cost amounts set out above are based on the estimated indirect costs for the 12 months to 30 June 2017.	Indirect Costs Indirect costs are variable and are deducted from the underlying assets of the investment fund as and when they are incurred. These indirect costs are not an additional fee charged to you. Rather they are reflected in the returns payable from the underlying investments and as such are included in the unit price. Performance related fees are deducted from the underlying assets of the investment fund when due and payable.
Service fees[‡]		
Switching Fee* The fee for changing investment options.	Nil	Not applicable

* You may also incur a buy-sell spread when your money moves in or out of an investment fund. Please refer to 'buy-sell spreads' on page 17 of this book.

[†] Ongoing Fees are expressed as a percentage of gross assets unless otherwise indicated.

[‡] Other service fees may apply. Please refer to 'Service fees' on page 17 of this book.

[^] In addition to the Management Costs, we are entitled to recover costs incurred in the performance of our duties as responsible entity of the relevant investment fund and in the administration and management of the investment fund. These reimbursable expenses include charges, fees, expenses, commissions, liabilities and losses associated with the investment fund. An expense recovery may be charged to recover various costs incurred by the investment funds to implement government regulatory reforms. Where this is charged we expect it to be charged on one day during the financial year. During the 12 months to 30 June 2017 we did not charge this expense recovery. For the 12 months to 30 June 2018 we expect that we will charge an expense recovery and estimate this to be up to 0.04% p.a.

* For example, for every \$1,000 invested in OnePath Blue Chip Imputation, an ongoing fee of \$10.50 will be charged each year. This example is for illustrative purposes only.

‡ This is the Ongoing Fee charged on the net assets of the investment fund. Assuming a gearing ratio of 50%, this would represent an Ongoing Fee on gross assets of 0.825% p.a.

§ An Ongoing Fee does not apply to ANZ Cash Advantage.

|| An Ongoing Fee does not apply to ANZ Term Deposits.

A performance related fee may be payable in relation to this investment fund. Please refer to 'Performance related fees' on page 18 of this book for further details.

§§ The indirect cost includes a performance related fee for GMO Systematic Global Macro fund based on a 30% allocation to this underlying fund. The other underlying fund managers did not charge a performance related fee in the 12 months to 30 June 2017.

Further information

Ongoing Fee rebate

An Ongoing Fee rebate of 0.10% p.a. applies to balances over \$300,000, thereby reducing the Ongoing Fees payable. The rebate is based on your total account balance (excluding investments in ANZ Term Deposits and ANZ Cash Advantage).

The rebate is calculated monthly based on your account balance on or about the monthly anniversary of your investment start date. It is credited as additional units to your OneAnswer Frontier Investment Portfolio on or about the quarterly anniversary of your investment start date, or on full withdrawal. Where rebates are credited as additional units, transaction costs will apply to the purchase. Alternatively, you can choose to have these rebates paid into your financial institution account. In most cases rebates should be treated as taxable income, however, there may be circumstances where this is not the appropriate treatment. You should seek tax advice specific to your circumstances.

Example: Ongoing fee rebate

Johnston has the following investments:

• ANZ Cash Advantage	\$30,000*
• OnePath Balanced	\$140,000
• OnePath Australian Shares	\$110,000
• OptiMix Moderate	\$110,000
• Vanguard Property Securities Index	\$60,000

Johnston's balance **\$450,000**

His Ongoing Fee rebate is calculated as follows:

Investment balance tier	Rebate calculation	Ongoing Fee rebate
First \$300,000	\$300,000 x 0.00% p.a.	\$0
Amounts over \$300,000	\$120,000 x 0.10% p.a.	\$120
Total rebate		\$120 p.a.* (\$30 per quarter)

* The Ongoing Fee rebate does not apply to investments in ANZ Cash Advantage.

Note: This example is illustrative only and should not be regarded as a forecast for your investment, nor regarded as indicative of future performance.

Investor Fee

This is an account keeping fee of \$115 p.a. where your total balance (excluding investments in ANZ Cash Advantage and ANZ Term Deposits) is under \$50,000. For investments solely in ANZ Cash Advantage and ANZ Term Deposits this fee will not apply.

The fee is accrued monthly on or about the monthly anniversary of your investment start date. The fee is deducted annually, or pro-rated upon full withdrawal from OneAnswer Frontier Investment Portfolio. The Investor Fee is accrued and deducted proportionately across your investment funds.

Investor Fee Waiver

Where you hold multiple OneAnswer Frontier accounts you may request that the Investor Fee be waived on these accounts if their combined value is \$50,000* or more on the date the request is received by us at our registered office.

* Excluding investments in ANZ Prime CMA, ANZ Term Deposits ANZ Cash Advantage and OnePath Cash (closed fund in Investment Portfolio and Personal Super).

Exit Fee

An Exit Fee of \$60 will be charged when you close your account. This fee is charged to cover the administration costs of closing your account.

Service fees

Switching

There are currently no fees when switching between investment funds.

Buy-sell spreads

The buy-sell spread is used to allocate buy and sell transaction costs to an investor who is transacting rather than to investors in a particular investment fund who are not transacting. As the proceeds from a buy-sell spread are retained as part of the assets of an investment fund, no part of it is paid to us or to an underlying fund manager.

A buy-sell spread up to a maximum of 1.00% may apply to amounts invested or withdrawn from an investment fund. These spreads are incorporated in the buy and sell unit prices.

The buy and sell spreads for each investment fund are available in the Buy-Sell Spread Guide at onepath.com.au > OneAnswer Frontier Investment Portfolio > Forms & brochures.

For example, for every \$1,000 that you invest in the Vanguard Growth Index fund, the buy spread you incur is currently 0.03% or \$0.30. This amount is reflected in the 'buy' unit price at the time the units are purchased.

At all times your account balance is valued at the 'sell' unit price which incorporates the sell spread. In the same example, the value of the investment of \$1,000 will also take into account the sell spread of 0.03% or \$0.30. This means that the total spread cost for the example \$1,000 investment will be 0.06% or \$0.60.

Indirect Costs

Indirect costs include any amounts that have been deducted from your investment and covers amounts that have reduced the return on your investment but are not charged as a fee.

Transaction costs

Transaction costs relate to the investment of assets into the underlying funds and or securities of each investment fund. Transaction costs are an additional cost to you, however they are deducted from the assets of the investment fund at the time they are incurred and are reflected in the unit price of each investment fund, rather than as a fee deducted from your account. Total transaction costs are referred to as gross transactions costs and in certain circumstances may be offset by amounts recovered by the buy-sell spread.

Where a buy-sell spread is charged for an investment fund, the amounts recovered by this charge are used to help offset some of the gross transaction costs incurred by the investment fund.

Gross transaction costs include, but are not limited to, the following:

- Brokerage costs – the amount paid to a broker when buying and selling underlying securities, e.g. shares and derivatives. For example trading costs charged by brokers on purchases or sales of shares, stamp duty charged on security purchases etc. These costs are incurred when the underlying fund managers actively trade investments as part of the ongoing management of the investment.
- Custody fees – fees paid to a custodian to hold the assets of the underlying funds and to manage transaction settlements.
- Stamp duty – generally levied on the transfer of assets or property
- Bid/offer spreads – the difference between the price a buyer is willing to pay (the bid price) and the price a seller is willing to accept (the offer price) for a particular security. These are usually incurred by investment managers buying and selling fixed income securities, foreign currency conversions and listed equities.

The table on pages 21 - 24 provides a breakdown of the transaction costs for each investment fund.

Performance related fees

We do not charge performance related fees directly. However, performance fees may be payable from the underlying investment fund to the fund manager. These are referred to as 'performance related fees' and increase the indirect costs. These are an additional cost to you.

The fund manager may charge a performance related fee if the underlying fund outperforms the relevant investment benchmark. Any change in a performance related fee will change that investment fund's indirect cost. The investment funds with performance related fees, their relevant benchmarks and estimated performance related fees for the 12 months to 30 June 2017 are noted in the following table.

Benchmark	Performance fee [‡]	Estimated Performance related fee [^] % p.a.
Antipodes Global (Long only)		
MSCI All Country World Net Index in AUD.	15% of outperformance above the benchmark.	1.22
Ausbil Australian Emerging Leaders		
70% S&P/ASX Midcap 50 Accumulation Index and 30% S&P/ASX Small Ordinaries Accumulation Index.	15.375% of outperformance above the benchmark plus 0.85% p.a. [†]	0.00
Greencap Broadcap		
S&P/ASX 300 Accumulation Index.	15% of outperformance above the benchmark.	0.00
Magellan Global		
Dual Hurdle of the MSCI World Net Total Return (AUD) ("Index Relative Hurdle") and the yield of 10-year Australian Government Bonds ("Absolute Return Hurdle").	10% of the excess return above the higher of the Index Relative Hurdle and the Absolute Return Hurdle over each 6 monthly period ending 31 December and 30 June, subject to the High Water Mark being met for the relevant period.	0.14
OnePath Alternatives Growth[‡]		
For the GMO Systematic Global Macro fund the benchmark is the Bloomberg AusBond Bank Bill Index.	20.111% of outperformance above the benchmark.	0.63
For the Man AHL Alpha fund the performance fee is not linked to a benchmark index.	25% of the increase in net asset value over the previous highest closing net asset value subject to a High Water Mark.	0.00
RARE Infrastructure Value		
An accumulation index comprising the OECD G7 Inflation Index plus 5.5% per annum.	10.25% of the investment returns made in excess of the benchmark, subject to a High Water Mark. [§]	0.30

[^] The Performance related fees are an estimate based on the performance fees of the underlying investment managers for the 12 months to 30 June 2017. **(Past costs are not a reliable indicator of future costs.)** The performance fee payable may differ from year to year.

[‡] For example, for every \$1,000 you invested in the Magellan Global fund, a \$1.40 performance fee would have been charged for the year ending 30 June 2017. This example is illustrative only.

[†] If a period of underperformance to the benchmark occurs, the performance related fee accrued is frozen at its current level and further performance related fee do not start accruing again until the full amount of underperformance is recouped.

^{*} The other underlying funds are not listed here as they do not charge a performance related fee.

[§] The total performance related fees will not exceed 0.30% of the average of the daily net asset value of the fund in any financial year.

Performance related fees are reflected as a reduction in the returns generated by the underlying fund. Therefore, the value of your investment in the applicable investment fund will be impacted by any performance related fees.

The performance fee for Antipodes Global (Long only) is accrued daily and payable half yearly. The performance fee for Ausbil Australian Emerging Leaders is accrued daily and payable monthly in arrears. The performance fee for Greencap Broadcap, Magellan Global and RARE Infrastructure Value is accrued daily and payable half-yearly. For OnePath Alternatives Growth, the performance fee for GMO Systematic Global Macro is payable half yearly and the performance fee for Man AHL Alpha fund is payable monthly in arrears.

Borrowing costs

Borrowing costs are costs that arise when an underlying fund manager borrows money to fund the purchase of an asset.

Borrowing costs are recovered from the assets of the underlying investment option and are an additional cost to you.

The borrowing costs for the 12 months to 30 June 2017 were incurred by the following investment funds:

- OnePath Alternatives Growth* – 0.03% p.a.
- BlackRock Balanced – 0.01% p.a.
- BlackRock Scientific Diversified Growth – 0.05% p.a.
- OnePath Geared Australian Shares Index – 2.57% p.a.

* Estimated based off an allocation of 30% to the Fulcrum Diversified Absolute Return Fund.

Note: Past costs are not a reliable indicator of future costs.

Financial adviser payments

Adviser Service Fee

This is an optional fee that is agreed between you and your financial adviser.

You can agree with your financial adviser that we will pay them (or their licensee) an Adviser Service Fee (ASF) for their services in relation to your investment and we will deduct this amount from your investment. You choose whether the fee will be deducted by withdrawing units across all your investment funds, or by withdrawing units from one nominated investment fund. The ASF deducted from your investment is inclusive of GST.

You cannot nominate ANZ Term Deposits as the funds from which the Adviser Service Fees (ASF) are deducted. Note that investments in ANZ Term Deposits will be included in the total account balance when calculating a percentage* based ASF.

There are two ways you can choose to have this fee paid:

- **Ongoing Adviser Service Fee** – This fee may be charged on an ongoing basis as a percentage of your balance or a set dollar amount per annum. This fee will be calculated at the date it is deducted from your account balance on or about the monthly anniversary of your investment. You can choose to have this deducted on a monthly, quarterly or annual basis. You can terminate this fee at any time by notifying us in writing.
- **One-off Adviser Service Fee** – This fee may be charged on a one-off basis as a set dollar amount or as a percentage of either:
 - your investment at the time of your initial or additional investment

- your total balance at any other time.

Where this fee is being charged at the time of your investment it will be deducted after your investment has been processed.

* If any part of your investment is borrowed or sourced from a loan, then you cannot nominate a percentage based Adviser Service Fee.

Example: How an ongoing ASF is calculated

If you have a \$10,000 total balance and have requested an ongoing ASF of 1% p.a., the amount deducted from your investment would be \$100 p.a. ($\$10,000 \times 1\%$) or \$8.33 per month.

Note: This example is illustrative only.

Other financial adviser payments

We may make payments to dealer groups, financial advisers or other third parties based on commercial arrangements we have with these parties. These payments may in some cases be made to related entities. The types of payments include payments to enable educational support and practice development services for advisers and payments to third parties to distribute our products. These payments are made by us and not charged to you or your OneAnswer Frontier account.

Other fees and additional information

GST

The fees and costs disclosed in this document that you may be charged are shown inclusive of any applicable GST less any entitlement to a Reduced Input Tax Credit (RITC) available to the investment funds.

Dishonour fee

Currently, a \$10 fee is charged to your OneAnswer Frontier Investment Portfolio account where any payment made by direct debit is dishonoured (for example, insufficient funds in the account debited).

Processing fee

Your financial institution may charge a processing fee each time you make a contribution using the Regular Investment Plan. This amount will vary depending on your financial institution.

Differential fees

We may negotiate differential fees with 'wholesale' clients as defined in the *Corporations Act 2001*, which may result in rebates being paid to these investors. These rebates will be paid from our own money and will not affect other investors. Rebates may be treated as taxable income, however you should seek tax advice specific to your circumstances.

Multiple classes of units

Multiple classes of units can be issued for certain investment funds offered through OneAnswer Frontier Investment Portfolio that may provide different fee arrangements. Such classes of units are on offer in relation to a small number of investment funds and are generally available for investment by other trusts that we manage or investors qualifying as wholesale clients under the *Corporations Act 2001*.

Payments from underlying fund managers and related parties

We may receive a fund manager payment from underlying fund managers based on funds under management. These amounts are already considered when we determine the fees and charges for each investment fund. These payments come from each fund manager's resources and are not an additional fee to you.

We may receive a financial payment or a non-financial benefit from ANZ in relation to amounts held in ANZ Cash Advantage or in relation to investing ANZ Term Deposit options with ANZ. These payments are not an additional charge to you.

These fund manager payments are up to a maximum of 0.75% p.a. of funds under management in the relevant underlying fund.

Where alternative asset exposure is obtained through underlying Swaps, we do not receive a fund manager payment from the underlying investment managers of the alternative assets. For further information about the underlying Swap arrangements, please refer to 'OptiMix and OnePath investment funds – alternative asset exposure' in the OneAnswer Investment Funds Guide.

Expenses

The Ongoing Fees of the investment funds may include ongoing fees and charges of the underlying investment fund as advised to us at the time of writing this PDS.

In addition to the Ongoing Fees and charges of the underlying investment fund, underlying fund managers may incur expenses which they are able to recover from the underlying fund. These expenses may vary over time, can change without notice and will be passed on to investors. These may affect the return of an investment fund. We will communicate these changes to investors within a reasonable time frame when we are made aware of these changes. In certain circumstances this may be after these expenses have already been passed through to investors.

Under the constitution of each OneAnswer investment fund, we are entitled to recover costs incurred in the performance of our duties as responsible entity of the investment fund and in the administration and management of the investment fund. These reimbursable expenses include charges, fees, expenses, liabilities and losses associated with the relevant investment fund.

Where alternative asset exposure is obtained through underlying Swap arrangements (Swaps), the investment returns produced from the Swaps are net of all applicable fees and expenses. For further information about the Swaps, please refer to 'OptiMix and OnePath investment funds – alternative asset exposure' in the OneAnswer Investment Funds Guide.

Alterations to fees

We reserve the right to change any of our fees and charges from their present levels without your consent.

The fees contained in this PDS are up to date at the time of its preparation. For updated information please visit our website at onepath.com.au

Maximum fees and charges

Each investment fund's constitution (including the scheme through which ANZ Term Deposits are offered) allows us to charge higher fees as outlined in the table below:

Maximum fees	
Entry Fee	5% for all investment funds.
Withdrawal Fee	5% for all investment funds.
Exit Fee	The greater of \$130* or 5% of withdrawal proceeds is payable upon closure of the account.
Management Fee (p.a.)	4% of investment fund's gross asset value.
Switching Fee	5% for all investment funds.
Investor Fee (p.a.)	\$130* for all investment funds.
Dishonour Fee	Actual cost incurred by us for the dishonour.

* This amount is adjusted by changes to the Consumer Price Index (CPI).

Example of annual fees and costs for a balanced investment option

The table below provides an example of how the fees and costs in a balanced investment option for this product can affect your investment over a one-year period. You should use this table to compare this product with other managed investment products.

Example – Vanguard® Growth Index Fund	Balance of \$50,000 with total contributions of \$5,000 during the year
Contribution Fees	Nil
PLUS Management costs	Not applicable
	And, for every \$50,000 you have in the balanced investment option you will be charged \$415 each year.
	0.80% p.a. ongoing fee plus
	0.03% p.a. indirect costs plus
	0.00% p.a. expense recovery**
EQUALS Cost of balanced investment option	If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000* during that year, you will be charged fees of \$415* . What it costs you will depend on the investment option you choose and the fees you negotiate.

* You may also incur a buy-sell spread when your money moves in or out of an investment fund. Please refer to Buy-sell spreads on page 17 of this book. **And**, if you close your account you may also be charged an Exit Fee of \$60.

We have assumed a constant value during the year. In addition, the calculation of the management costs in the example does not take into account the additional contribution of \$5000.

**No expense recovery was deducted for the 12 months to 30 June 2017. This amount is estimated to be up to 0.04% p.a. for the 12 months to 30 June 2018.

Transaction Costs for each investment fund

The following table lists the estimated transaction costs for each investment fund offered through OneAnswer Frontier Investment Portfolio. WHAT ELSE DO I NEED TO KNOW?

This section details further information you need to know about how OneAnswer Frontier Investment Portfolio works.

Structure of OneAnswer Frontier Investment Portfolio

When you invest in an investment fund (other than ANZ Term Deposits), you are purchasing units in a managed investment scheme for which OnePath Funds Management is the responsible entity. Your money is pooled together with that of other investors and you receive income in proportion to your holdings in the overall investment fund. The investment funds may invest in direct assets or in another underlying fund(s) offered by OnePath Funds Management or external fund managers.

When you invest in ANZ Term Deposit options your money is not pooled with other investors in a unitised vehicle, instead you will have complete beneficial interest in your ANZ Term Deposit investment and you will receive income as if you held the term deposit with ANZ Bank.

Responsible Entity and constitutions

As the responsible entity of the investment funds, we are responsible for the operation of the funds and for complying with their respective constitutions, as well as the *Corporations Act 2001*. The constitution of each investment fund limits your liability in relation to the fund to the value of the units you hold. The courts, however, are yet to determine conclusively the effectiveness of these provisions.

Tax information

Information about taxes is set out in the section 'What else do I need to know?' under the heading 'Tax information' in the OneAnswer Frontier Investment Portfolio Additional Information Guide.

Unit prices

For all investment funds (except ANZ Cash Advantage and ANZ Term Deposits)

When you invest in an investment fund, you buy 'units' in that fund. Each unit has a 'unit price'. The number of units you buy is equal to the amount you invest, divided by the current 'application' unit price.

Unit prices for each investment fund are normally determined each Sydney business day. A business day is any day other than a Saturday, Sunday or bank or public holiday in NSW.

The unit price is calculated as being equal to the value of the proportion of all net assets in the scheme, or attributed to each class, divided by the number of units held by investors in the scheme, or class adjusted for applicable transaction costs (buy-sell spread).

As the value of the assets in an investment fund rises and falls, so too does the value of the unit price, and therefore the value of your investment.

When you withdraw from an investment fund, you redeem 'units' from that investment fund. The number of units you sell is equal to the amount to be withdrawn, divided by the 'redemption' unit price.

The value of your account will always be calculated based on the 'redemption' unit price.

In exceptional circumstances the calculation of unit prices may be suspended to protect investors' interests. For example, if significant market volatility and/or significant internal or external events result in an inability to value an investment fund.

How can you calculate your account balance?

Your account balance is calculated by multiplying the number of units you have in each investment fund by the 'redemption' unit price for each fund. As the unit prices are calculated on a daily basis, the value of your account may change daily. Number of units held x unit price that day = account balance.

Example: 1,000 units held at \$1.75 per unit equals to an account balance of \$1,750.

This example is illustrative only.

For ANZ Cash Advantage

The unit price is \$1 and this figure is not expected to change. However, if there is a change to the value of the fund's assets, the unit price may change accordingly. The unit price is equal to the value of all the assets in the investment fund (in your class) less liabilities and income that has accrued in the current distribution period, divided by the number of units investors hold in your class.

For ANZ Term Deposits

Unit prices are not struck for ANZ Term Deposits. Monies held in ANZ Term Deposits earn interest and the interest is passed on to the investor who is entitled to that interest. Current ANZ Term Deposit interest rates can be found at onepath.com.au or by contacting Customer Services.

Valuation of investment fund assets

The constitution for each investment fund provides the basis by which the fund's assets are valued. Generally, assets will be valued on the basis of their market value, however, there may be circumstances when assets may be valued on a different basis. Generally, assets that are traded on a financial market, for example Australian shares, are valued daily. Other assets, for example direct property or mortgages, may be valued less frequently.

Unit pricing permitted discretions policy

We have a unit pricing permitted discretions policy. It sets out how we will exercise discretions in relation to unit pricing. If we exercise a discretion that is not currently documented, or in a way that involves a departure from the documented policy that is current at the time of exercise, then we will prepare and record a written explanation as to how that discretion was exercised and why it was reasonable.

You can obtain a copy of the policy free of charge by contacting Customer Services.

Where insufficient data is available from fund managers to enable us to accurately calculate unit prices for an investment fund, we may use appropriate market indices to calculate unit prices (indexation). In exercising this procedure we follow industry standard practice to ensure the fair and equitable treatment of investors.

Monitoring unit prices

We have processes in place to check the accuracy of unit prices. Sometimes unit prices may be found to be incorrect because of errors made in determining one or more components of the unit price. If you transacted on this unit price, your account may require a correction.

We will provide compensation to investors where the error causes a variance in the unit price which is greater than our predetermined threshold. The threshold varies depending on the asset class and is currently set at between 0.05% for cash and 0.30% for equities. This threshold may be subject to change.

Where the compensation amount is less than an amount determined by the responsible entity (currently \$20) and the investor entitled to the compensation has fully withdrawn from the product, the compensation will be contributed into the fund for the benefit of all investors rather than paid to the exited investor.

Processing transactions

Our cut off time for transactions is 12 noon (AEST).

Generally, your application, withdrawal or switch will be processed on the same day (using the unit price applicable on that day or prevailing interest rate on that day for ANZ Term Deposits) if we receive your completed documentation and (where applicable) any application money at our Sydney office by 12 noon (AEST) on that business day. If received after 12 noon (AEST), or on a day that is not a business day, any application, withdrawal or switch will generally have an effective date of the next business day (and will be processed on the basis of the unit price or prevailing interest rate for ANZ Term Deposits applicable on that day). Where application money is paid by direct debit, processing will occur on the business day we receive funds from your financial institution. Where application money is paid by BPAY®, the effective date will be the business day we receive confirmation that the monies have been received by us.

If we are unable to issue units (or process your investment) in the relevant investment fund upon receiving your application, we are generally required to return the monies to the source of payment. In certain limited circumstances we may hold your money in a trust account. This may occur if your application is incomplete. Redemption requests and any deductions required by law are also similarly processed using a holding account.

We will retain any interest payable by our bank on these accounts to meet, among other things, bank fees and other bank administrative costs we incur in operating them.

Distributions

Distributions are earnings from your investment and may include income and net capital gains. Your distribution amount will normally vary depending on factors like market conditions, asset class and investment performance. As a result of these factors, there may be times when you do not receive any distributions.

The distribution frequency for each investment fund varies between monthly and annually and is shown in Part Two – OneAnswer Investment Funds Guide. In certain circumstances an investment fund may be required to pay a distribution at times other than the frequency noted.

For all investment funds (except ANZ Cash Advantage and ANZ Term Deposits)

The distribution amount you receive is based upon the number of units you hold (in your class) at the end of the distribution period and the amount per unit to be distributed from the investment funds.

The unit price of an investment fund will be reduced on the day following a distribution, reflecting the amount of the distribution and any market movement of the underlying investments.

Please note that when you invest in an investment fund, the unit price may include income and realised capital gains that have not yet been distributed. If you invest just prior to the end of a distribution period, you may receive a portion of your investment back as a distribution at the end of the period. Please speak to your financial adviser or tax adviser regarding any tax implications this may have for you.

ANZ Cash Advantage

For ANZ Cash Advantage, the distributions (interest) you receive are based on the number of units you hold during an interest period and the number of days those units have been held. The current interest rate applying to ANZ Cash Advantage can be found at onepath.com.au or by calling Customer Services.

ANZ Term Deposits

ANZ Term Deposits do not pay distributions as described above. For ANZ Term Deposits, the interest you receive from each term deposit is based on the amount invested, the term nominated as well as the prevailing interest rate applicable at the time the investment was made. The current interest rates applying to ANZ Term Deposits can be found at onepath.com.au or by contacting Customer Services.

Interest is payable at maturity for the 3, 6 and 12 month ANZ Term Deposit options. For terms greater than 12 months interest is paid annually on the anniversary date of the investment and at maturity. All interest payments will be invested in ANZ Cash Advantage on your behalf. If you are not invested in ANZ Cash Advantage we will automatically establish this investment fund for you at the time the interest is paid. By investing in ANZ Term Deposits, you authorise us to establish a holding in ANZ Cash Advantage to permit payments of earned interest and where applicable, principal. As the terms and conditions of the ANZ Cash Advantage fund differ from those of ANZ Term Deposits you should refer to the information on ANZ Cash Advantage contained in this PDS and Incorporated Material.

A reduction in the interest rate payable applies where your ANZ Term Deposit is broken prior to the maturity date. The reduction in the interest rate will depend on the percentage of the original term elapsed when your withdrawal is made.

For further information on ANZ Term Deposits including the Early Withdrawal Adjustment, please refer to the OneAnswer Investment Funds Guide.

The Anti Money Laundering and Counter-Terrorism Legislation

The *Anti-Money Laundering and Counter-Terrorism Financing Act 2006* (Cth) requires us to verify your identity before we can provide you with certain prescribed services. For more information refer to the section 'What else do I need to know?' under the heading 'The Anti-money laundering and counter-terrorism legislation' in the OneAnswer Frontier Investment Portfolio Additional Information Guide.

We may close your account if we think that you have not used it appropriately or for any other reason we consider appropriate.

If we intend to close your account under this condition, we will send written notice to the address shown on our records along with a cheque for the balance of the account (if it is in credit).

Cooling-off period

When you invest in OneAnswer Frontier Investment Portfolio, you have the opportunity to review your investment to ensure it meets your expectations. This is known as a 'cooling-off' period. If you are not satisfied with the investment you have made you may cancel your investment within 14 days or the earlier of:

- the date you receive a confirmation from us
- the end of the fifth day after we first issue you with units in your investment fund(s).

If you cancel your investment within the cooling-off period, the amount you receive will be adjusted for any changes in the unit price of the investment fund, less any withdrawal and transaction costs. If you want to cancel your initial or additional application, you can notify us in writing.

Your right to cancel your initial application and be repaid during the cooling-off period does not apply if you exercise any of your rights as an investor (such as, changing your investment options).

Generally, cooling-off rights will apply in relation to initial and additional investments and when switching between investment funds. However, cooling-off will not apply to investments made using the Regular Investment Plan, to reinvested distributions and to switches made under the Dollar Cost Averaging and Auto-rebalance Plans, nor will it apply to wholesale clients within the definition of the Corporations Act.
