

FURTHER INSTRUCTIONS ON PROCESSING SUPERANNUATION CONTRIBUTIONS

Following the recent transfer of ANZ and OnePath super products to the Retirement Portfolio Service superannuation fund, some employers have experienced issues when submitting superannuation contributions.

Employers may need to remove existing super fund details relating to the OnePath MasterFund and add new details for the Retirement Portfolio Service superannuation fund (RPS fund). This will involve reconfirming the Unique Superannuation Identifier (USI) for the employee's product and providing the Australian Business Number (ABN) for the RPS fund.
