Before you sign this Application Form, be aware that OnePath or your adviser is obliged to have provided you with a Product Disclosure Statement (PDS) containing a summary of the important information about the product(s) you are applying for. This information will help you to understand the product(s) and decide whether the product(s) is appropriate for your needs.

Duty to take reasonable care not to make a misrepresentation

When applying for insurance, there is a legal duty to take reasonable care not to make a misrepresentation to the insurer before the contract of insurance is entered into. To meet this duty, each person whose life is to be insured must also take reasonable care not to make such a misrepresentation.

A misrepresentation is a false answer, an answer that is only partially true, or an answer which does not fairly reflect the truth.

This duty also applies when extending or making changes to existing insurance, and reinstating insurance.

If you do not meet your duty

Not meeting your legal duty can have serious impacts on your insurance. Your cover could be avoided (treated as if it never existed), or its terms may be changed. This may also result in a claim being declined or a benefit being reduced.

Please note that there may be circumstances where we later investigate whether the information given to us was true. For example, we may do this when a claim is made.

About this application

When you apply for life insurance, we conduct a process called underwriting. It's how we decide whether we can provide cover, and if so on what terms and at what cost.

We will ask questions we need to know the answers to. These will be about personal circumstances, such as health and medical history, occupation, income, lifestyle, pastimes, and current and past insurance of each life to be insured. The information given to us in response to our questions is vital to our decision.

When you apply for insurance benefits through a superannuation fund or ask to extend or make changes to existing insurance benefits, the fund trustee passes on your personal information to us. You also therefore need to take reasonable care not to make a misrepresentation when providing this information to the fund trustee.

Guidance for answering our questions

You are responsible for the information provided to us. Each person answering our questions should:

- think carefully about each question before answering. If you are unsure of the meaning of any question, please ask us before you respond
- answer every question
- answer truthfully, accurately and completely. If you are unsure about whether you should include information, please include it
- review your application carefully. If someone else helped prepare your application (for example, your adviser), please check every answer (and if necessary, make any corrections).

Changes before your cover starts

Before your cover starts, please tell us about any changes that mean you and each person who answered our questions would now answer differently. It could save time if you let us know about any changes as and when they happen. This is because any changes might require further assessment or investigation.

Notifying the insurer

If, after the cover starts, you think you may not have met your duty, please contact us immediately and we'll let you know whether it has any impact on the cover.

Telephone contact

After you submit your application, we may contact you by phone to collect any information missing from your application. The information you provide will be recorded and used in the assessment of your application for insurance cover. The need for you to take reasonable care not to make a misrepresentation to the insurer before the contract of insurance is entered into also applies during any phone contact with us.
